

# OMNI 3LE

Indoor Recessed IR Illuminator

## OMNI Indoor Recessed IR Illuminators

The OMNI 3LE IR Illuminator is designed for recessed mounting in ceilings or walls, offering a sleek and compact solution. When installed only the 3" diameter faceplate is visible. This unobtrusive design seamlessly integrates with your space and does not add unwanted visible light, yet provides effective security IR illumination.

### Easy Integration and Control

The OMNI 3LE can be powered with PoE, PoE+ or 12VDC. It uses energy efficient LED technology and has a power consumption of only 3 watts.

### Lifetime Warranty - Made in the USA

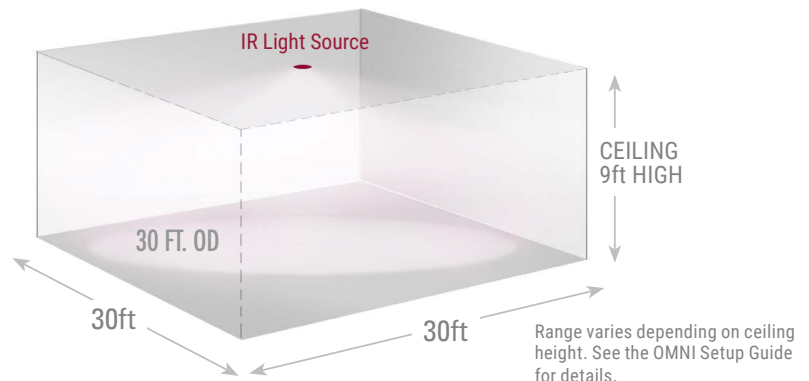

AXTON Lights are covered by a lifetime warranty with advanced replacement.

## FEATURES

- Wavelength - 850nm Infrared
- Rugged & Vandal Resistant
- Energy Efficient - 3 Watts
- Advanced LED Technology
- Input Voltage - PoE, PoE+ or 12VDC
- Up to 800 sq. ft. of IR Illumination
- Lifetime Warranty, Made in the USA

## RANGE

UP TO 800 SQ. FT.

## SPECIFICATIONS

Wavelength	850nm Infrared
Input Voltage	PoE (PoE+) or 12VDC
Angle	150°
Power Consumption	3 Watts
Operating Temp.	-58° to 140°F / -50° to 60°C
Dimensions	3" Ø face x 2.7" / 76 Ø x 69 mm
Weight	6 oz / 170g
Environmental	IP 55 - Indoor use only
Mounting	Recessed
